Every ticker is a live link — click it to open the card on [tokenscan.io](#) and see the art, issuance and market history.

Available — how many copies are in stock right now, counted across both wallets above. **Supply** — the full issuance of that asset. **Share** — how much of the entire issuance that stock represents. A star ★ next to a ticker means the asset is owned by one of these wallets.

A handful of high-supply tokens (16 of them, issuance above 100,000) are included in the tables but left out of the card count above.

Single copies are not listed here — ask if you are after a specific card, there are 104 more in Rare Pepe and 9 in Mafia Wars held as singles.

Snapshot taken 3 August 2026.
